

Connect—We'll build a network of people who protect and affect water in your area.

Host Community Responsibilities	MHC/Partner Responsibilities
<ul style="list-style-type: none"> • Develop a group of partners and collaborators who protect and affect water in your area • Participate in trainings and ongoing support • Share information with evaluation consultants about relationships and network change • Optional: Co-plan a community or partner meeting to help define community goals 	<ul style="list-style-type: none"> • Provide training and capacity building through an orientation retreat (Oct. 16 and 17, 2023 in Fergus Falls, MN), coaching calls (monthly), site visits (as needed), capacity building webinars (4), and a tour launch retreat (Feb. 28-29, 2024, location tbd) • Share connections and opportunities with host site cohort • Contract with outside evaluators to help measure relationship and network change • Optional: Co-plan a community or partner meeting to help define community goals

Engage—We'll create community engagement activities and public events that build relationships and responsibilities to water and complement your community goals.

Host Community Responsibilities	MHC/Partner Responsibilities
<ul style="list-style-type: none"> • Develop at least four public events that build relationships with and responsibilities to water which can be before, during, or after the exhibit is in your area • Track attendance data and any other reporting needs for evaluators 	<ul style="list-style-type: none"> • Host one or two public events in each host site community • Publicize events through print pieces, website, and social media

Educate—We'll share personal narratives, historical content, and scientific information about water in Minnesota and in host communities.

Host Community Responsibilities	MHC/Partner Responsibilities
<ul style="list-style-type: none"> • Assist state partners in developing host site-specific content • Host exhibit in a manner consistent with host site agreement • Publicize exhibit visit • Track attendance data and any other reporting needs for evaluators 	<ul style="list-style-type: none"> • Gather host site-specific content (audio interviews, inspiration stories, regional water panel) in partnership with host sites • Transport and set up the exhibit • Publicize exhibit tour
